

## Terms and Conditions

### 1. GENERAL

---

1. This application together with the relevant Supplemental Deeds, will govern the legal relationship between the investor, the asset manager and Prescient Management Company (RF) (Pty) Ltd ("the Manager"). It is the Manager's sole discretion to accept or reject the investor's application form.
2. Any references to the singular shall include the plural.
3. Please note that all documents, notifications of deposit, investment, redemption and switch applications must be received by the Manager timeously in order to transact at the applicable net asset value price. Where all required documentation is not received before the stated cut off time the Manager shall not be obliged to transact at the net asset value price.
4. All redemptions must be submitted in writing and will be executed following receipt and acceptance of the instruction and in accordance with the Manager's repurchase policy. The Manager may suspend the repurchase of units in exceptional circumstances and where it is in the interests of all investors to do so. Funds invested via electronic collection or debit order may not be redeemed until after 40 days from the date on which such funds were invested into units on your behalf.
5. In certain circumstances (such as large redemptions), the Manager may employ ring-fencing, which is the separation of underlying assets in a portfolio and the delayed sale/repurchase of corresponding units. This is done to avoid prejudicing other investors through the sale of assets at weaker prices.
6. The net asset value price is calculated using the forward pricing methodology. The net asset value can be defined as the total market value of all assets in the portfolio including any income accruals and less any permissible deductions from the portfolio, divided by the number of units in issue.
7. Units will be bought and sold at the net asset value price in accordance with the requirements of the Collective Investment Schemes Control Act 45 of 2002 and the relevant Deed.
8. The Manager may, at its discretion, close portfolios to new investors and existing unit holders including the cessation of debit orders, if applicable.
9. The Manager reserves the right to terminate this contract by giving 30 days' notice to the investor. Units shall be repurchased on the 30th day after notification of termination at the ruling price on that day. Any proceeds from the termination shall be paid to the investor's bank account given in this application form.
10. All material facts must be accurately and properly disclosed, and the accuracy and completeness of all answers, statements or other information provided by or on behalf of the investor, are the investor's own responsibility.
11. No indulgence granted by the Manager shall affect or prejudice the rights of the Manager, nor shall it be regarded as a waiver of the Manager's rights.
12. The Trustee's details are: Nedbank Ltd Investor Services, 2nd Floor, 16 Constantia Boulevard, Constantia Kloof, Roodepoort, 1709, South Africa. P.O. Box 1144, Johannesburg, 2000, South Africa.

## 7. RISK WARNING

---

Collective Investment Schemes in Securities (CIS) should be considered as medium to long-term investments. The value may go up as well as down and past performance is not necessarily a guide to future performance. CIS's are traded at the ruling price and can engage in scrip lending and borrowing. A schedule of fees, charges and maximum commissions is available on request from the Manager. There is no guarantee in respect of capital or returns in a portfolio. A CIS may be closed to new investors in order for it to be managed more efficiently in accordance with its mandate. CIS prices are calculated on a net asset basis, which is the total value of all the assets in the portfolio including any income accruals and less any permissible deductions (brokerage, STT, VAT, auditor's fees, bank charges, trustee and custodian fees and the annual management fee) from the portfolio divided by the number of participatory interests (units) in issue. Forward pricing is used. The Fund's Total Expense Ratio (TER) reflects the percentage of the average Net Asset Value (NAV) of the portfolio that was incurred as charges, levies and fees related to the management of the portfolio. A higher TER does not necessarily imply a poor return, nor does a low TER imply a good return. The current TER cannot be regarded as an indication of future TER's. During the phase in period TER's do not include information gathered over a full year.

A Money Market portfolio is not a bank deposit account and the price is targeted at a constant value. The total return is made up of interest received and any gain or loss made on any particular instrument; and in most cases the return will have the effect of increasing or decreasing the daily yield, but in the case of abnormal losses it can have the effect of reducing the capital value of the portfolio. The yield is calculated as a weighted average yield of each underlying instrument in the portfolio. Excessive withdrawals from the portfolio may place the portfolio under liquidity pressures and a process of ring-fencing of withdrawal instructions and managed pay-outs over time may be followed.

A Fund of Funds is a portfolio that invests in portfolios of collective investment schemes, which levy their own charges, which could result in a higher fee structure for these portfolios.

A Feeder Fund is a portfolio that invests in a single portfolio of a collective investment scheme which levies its own charges, and which could result in a higher fee structure for the feeder fund.

The Manager retains full legal responsibility for any third-party-named portfolio.

Where foreign securities are included in a portfolio there may be potential constraints on liquidity and the repatriation of funds, macroeconomic risks, political risks, foreign exchange risks, tax risks, settlement risks; and potential limitations on the availability of market information.

The investor acknowledges the inherent risk associated with the selected investments and that there are no guarantees. The Manager is a member of the Association for Savings and Investments South Africa.
